Author index to volume 113

Abad, M.J.F., C. Noguera and J.J. Ortells, Influence of prime–target relationship on semantic priming effects from words in a lexical-decision task 283
Ahn, W.-k., C.C. Luhmann and J. Marsh, Gregogy L. Murphy (2002). The Big Book of Concepts. Cambridge: MIT Press. 227

Bédard, P. and L. Proteau, On the role of peripheral visual afferent information for the control of rapid video-aiming movements 99
Bertelson, P., *see* Frissen, I. 315

Cherubini, P., K. Mazzocco and R. Rumiati, Rethinking the focusing effect in decision-making 67
Colcombe, A.M., A.F. Kramer, D.E. Irwin, M.S. Peterson, S. Colcombe and S. Hahn, Age-related effects of attentional and oculomotor capture by onsets and color singletons as a function of experience 205
Colcombe, S., *see* Colcombe, A.M. 205

De Beni, R., *see* Palladino, P. 297
de Gelder, B., *see* Frissen, I. 315
Donk, M., *see* Mortier, K. 133
Dougherty, M.R.P. and A.M. Franco-Watkins, Reducing bias in frequency judgment by improving source monitoring 23
Dougherty, M.R.P. and J.E. Hunter, Hypothesis generation, probability judgment, and individual differences in working memory capacity 263

Elliott, D., *see* Khan, M.A. 83
Engelkamp, J. and P. Jahn, Lexical, conceptual and motor information in memory for action phrases: a multi-system account 147

Ferrand, L. and B. New, Syllabic length effects in visual word recognition and naming 167
Fourkas, A., *see* Khan, M.A. 83
Franco-Watkins, A.M., *see* Dougherty, M.R.P. 23
Franks, I.M., *see* Khan, M.A. 83

Elsevier Science B.V.
doi:10.1016/S0001-6918(03)00059-3

Frese, M., *see* van der Linden, D. 45
Frissen, I., J. Vroomen, B. de Gelder and P. Bertelson, The aftereffects of ventriloquism: Are they sound-frequency specific? 315

Hahn, S., *see* Colcombe, A.M. 205
Huber, O. and O.W. Huber, Detectability of the negative event: effect on the acceptance of pre- or post-event risk-defusing actions 1
Huber, O.W., *see* Huber, O. 1
Hunter, J.E., *see* Dougherty, M.R.P. 263

Irwin, D.E., *see* Colcombe, A.M. 205

Jahn, P., *see* Engelkamp, J. 147
Juslin, P., Peter Sedlmeier and Tilmann Betsch (2002). Etc. Frequency Processing and Cognition. Oxford, UK: Oxford University Press 119

Khan, M.A., G. Lawrence, A. Fourkas, I.M. Franks, D. Elliott and S. Pembroke, Online versus offline processing of visual feedback in the control of movement amplitude 83
Kramer, A.F., *see* Colcombe, A.M. 205

Lawrence, G., *see* Khan, M.A. 83
Luhmann, C.C., *see* Ahn, W.-k. 227

Marsh, J., *see* Ahn, W.-k. 227
Mazzocco, K., *see* Cherubini, P. 67
Meeter, M. and T.O. Nelson, Multiple study trials and judgments of learning 123
Meijman, T.F., *see* van der Linden, D. 45
Mortier, K., M. Donk and J. Theeuwes, Attentional capture within and between objects 133

Nelson, T.O., *see* Meeter, M. 123
Neumann, O., *see* Scharlau, I. 185
New, B., *see* Ferrand, L. 167
Noguera, C., *see* Abad, M.J.F. 283

Ortells, J.J., *see* Abad, M.J.F. 283

Palladino, P. and R. De Beni, When mental images are very detailed: image generation and memory performance as a function of age 297
Pembroke, S., *see* Khan, M.A. 83
Peterson, M.S., *see* Colcombe, A.M. 205
Proteau, L., *see* Bédard, P. 99

Rumiati, R., *see* Cherubini, P. 67

Scharlau, I. and O. Neumann, Temporal parameters and time course of perceptual latency priming 185
Schwarz, W., Stochastic cascade processes as a model of multi-stage concurrent information processing 231

Theeuwes, J., *see* Mortier, K. 133

van der Linden, D., M. Frese and T.F. Meijman, Mental fatigue and the control of cognitive processes: effects on perseveration and planning 45
Vroomen, J., *see* Frissen, I. 315

Zeelenberg, R., Mental Time Travel. Book review of '*Episodic memory, new directions in research*', edited by A. Baddeley, M.A. Conway, and J.P. Aggleton (Oxford University Press, 2002) 329
